## Introducing the Evolve 2026 Collection

A new collection of six exceptional rug designs from Australia's emerging and established creative talent.

The Evolve 2026 Collection brings together six exceptional shortlisted designs from this year's Evolve Design Competition, now in its fifth edition. Inspired by the theme The Power of Colour, the collection showcases three finalists from the Under 30 category and three from the Over 30 category, each selected for their distinctive use of colour, pattern and texture.

Together, these designs form a vibrant and inspiring collection that celebrates the creativity of Australia's design community and the transformative impact of colour in interior spaces.

Please note that the colours of the rugs in the photography may vary slightly due to screen settings. For an accurate representation, we recommend viewing physical samples at your nearest showroom.

## Slice

Hand Tufted NZ Wool + Shiny Nylon  
200 x 300cm

Inspired by the organic veins of marbled rock, this rug translates hand-drawn tracings of mineral layers into an abstract composition that reflects the fluid movement of geological time. Set against a soft off-white base, earthy mauve, pink clay, brown, steely blue, golden yellow, and touches of black create a bold yet balanced design that feels both vibrant and grounded.
